MANPOWER BUSINESS FLOW

How a candidate moves from registration to flight

E & A AIR INTERNATIONAL. A person is registered inside the office system by an agent or a sub-agent. The public site only shows profiles.

1. Who is under whom

Office
Super admin and owner. They see every candidate, payment, invoice, and file.

reports down to

Employees and teachers
Office staff.
Teachers run class timetables.
They do not own candidates.

Agents
Recruiting partners.
Own a wallet.
See their own candidates, their sub-agents, payments, and payment requests.

Agencies
Partner agencies.
See candidates and invoices tagged with their agency.

Companies
Hiring companies.
Hold the license and the job seats on that license.
See candidates tagged to them.

Under the agent

Sub-agent
Belongs to one agent. Sees only the candidates they registered. The parent agent is stored on those candidates too.

↓

Candidate
Sees only their own file. Also tagged, when the office fills them in, to one class group, one agency, one company, one job, and one country.

A candidate always sits on one recruiting line (agent, and a sub-agent when one registered them). Agency, company, class group, position, and country are tags on that same person.

2. What the candidate list calls the current step

The board shows one live status: the furthest placement record that already exists. A later paper moves the status forward even when an earlier paper is still missing.

1 Registration
The candidate row exists. No class group yet.

↓

2 Group
A class group is assigned.

↓

3 Selected
A selection row exists.

↓

4 Labour
A labour contract exists.

↓

5 Police
A police clearance exists.

↓

6 Medical
A medical record exists.

↓

7 Visa
A visa record exists.

↓

8 Manpower
A manpower training record exists.

↓

9 Flight
A flight schedule exists. This is the last status.

3. Full path after registration

This is the working order on the candidate file: who acts, and what is saved.

#	Step	What is saved	Who does it
1	Register	Name, passport, email, mobile. Agent is set automatically. A sub-agent also sets the parent agent.	Agent, sub-agent, or office
2	Login	Candidate user on that email, only when a password is entered.	Created at registration
3	CV and photos	CV, photos, NID, passport scan, addresses.	Whoever can edit the file
4	Passport stamp	Stamp scan on the passport step of the file.	Office
5	Class group	Training batch and its fee.	Office
6	Classes	Weekly timetable for that group.	Teacher
7	Exams	Result: local, abroad, skill, English. Does not change live status.	Office
8	Selected	Selection row and job title. Shown on the dashboard banner.	Office
9	Company and agency	Company, agency, licensed position, country.	Office
10	Labour	Contract issue date, expiry, scan.	Office
11	Police	Clearance dates and photo.	Office
12	Medical	Medical dates, country, report. Medical fee can be linked.	Office
13	Visa	Visa or MP number, dates, scan.	Office
14	Manpower	Training dates, certificate, fingerprint.	Office
15	ARC	Card number and dates. Does not change live status.	Office
16	Flight	Airline, date, time, ticket.	Office
17	Ticket invoice	Ticket bill linked to this candidate.	Office
18	Replacement	Another candidate can be recorded as the replacement.	Office

Agents open candidates, payment requests, sub-agents, and payments. Sub-agents open candidates and payment requests. Agencies open candidates and invoices. Labour, police, medical, visa, manpower, and flight are office modules.

4. Money, beside the placement steps

Sub-agent payment request
A bill for one candidate or one class group, sent up to the parent agent.

↓

Agent payment request
The agent's bill for that candidate or group.

↓

Payment · pending
Office reviews it. Approved is status A. Rejected is status R. Anything else stays pending.

↓

Wallet
Only an approved payment moves the balance. A DR adds to the agent or sub-agent wallet. Any other type subtracts.

Fees on the person

Admission payment
Final group payment
Medical fee payment
The candidate list shows Done once any approved payment exists.

Invoice

Agency plus company.
Service, country, line items.
The candidates on that invoice.
Then a money receipt.

Manpower bill

A payment whose title starts with Manpower.
Marked done on the candidate file when that payment is approved.

5. What each login can see

Login	Sees
Super admin, owner	Every record.
Agent	Own candidates, own sub-agents, own payments and payment requests, own wallet.
Sub-agent	Own candidates and own payment requests. New candidates are also tied to the parent agent.
Agency	Candidates and invoices tagged with that agency.
Company	Candidates tagged with that company. The company license lists jobs and seat counts.
Candidate	Only their own file.
Teacher	Class timetable. Teachers do not own candidate files.

The public candidate page lists name, job, and experience. Phone and email stay in the office.
